SUMMER 2023 NEWSLETTER

GREETINGS FROM LBPD-HONOLULU

Aloha Kākou! It is wonderful to connect once again as we head into a glorious summer season. This is indeed a time for connections, both here at home and with people from other places. These connections remind us of the blessings we enjoy, and also allow us to share and learn from family, friends, coworkers, and new acquaintances about their many experiences. Together, we can make for a better future for all. In April, LBPD Manager Matthew Brown attended a conference in Sacramento that brought together staff members from National Library Service (NLS) network libraries in the western part of the country and NLS staff from Washington, D.C. to learn about best practices in our libraries, and also to discuss future projects. Your nationwide library system is strong and each library benefits from being part of this network. Closer to home LBPD Hawaii hosted our counterpart library staff from Guam for several days in May. Our Guam friends worked alongside local staff to learn about the operations of the Duplication on Demand system, the way in which we are able to create custom-built audio cartridges for each of our library patrons to use with their Digital Talking Book Machines. It will be a huge benefit for the folks in Guam once they come up online. Within the Hawaii LBPD facility we're continuing to make progress with the fiber-optic cable installation. When completed and fully tested this new installation will give us the ability to provide an online stream of our radio

reading service broadcast and reach many more people around the state who don't currently have any FM radio access to our radio reading service. The progress has been slow, but steady, and we're all really looking forward to this enhancement.

HSPLS SUMMER READING CHALLENGE

Do you remember last summer when we were all reading, and having fun, and maybe thinking about winning some Alaska Airlines tickets? Well, the Hawaii State Public Library System (HSPLS) Summer Reading Challenge is back, and every bit as fun as last year's program. It runs a full two months this year, through the end of July. We even have a local theme this time: E Heluhelu Kākou – Let's Read: Seeds of Knowledge. Remember, the more you read, the more fun you'll have, and if you call the library and let us know each week how much you've read you become eligible for prizes, including those Alaska Airlines tickets! Just call the library each week at 808-733-8444, let us know who you are, and how many minutes you've read that week. That's all you'll need to do! It's fun, and we love hearing from you. Of course, if you would like to tell us about what you're reading we would really enjoy that too. Any kind of reading is fair game including all formats and genres. Braille, audio, BARD or other download, large print, fiction, non-fiction, anything really is just fine. If you'd like some suggestions for reading materials, or if there's something you would like we're happy to help with that too. Just give us a call.

NATIONAL LIBRARY SERVICE (NLS) SUMMER PROGRAM

In some exciting news this summer NLS will be hosting a series of special Summer Reading Program events. While each event requires registration these opportunities are open to not only registered patrons, but also may be enjoyed by family and friends. When you consider the following list of

opportunities you will quickly understand that these could be great programs to involve your whole family with something for all ages to enjoy. In particular, NLS was able to arrange for a series of writers of some of the most popular literature today to provide weekly author talks, story times, and even some music. Content for each week varies from Pre-K all the way up through Adult audiences. Here's how to participate:

Library patrons must register to attend each of the free NLS summer events, which will be held virtually on Zoom. Please note that most of these events will not be recorded or posted online due to NLS agreements with the authors and publishers.

Here is the schedule:

Kickoff event (all ages): Monday, June 26, at 4:00 pm EDT, with Librarian of Congress Dr. Carla Hayden.

If you are able to attend an event, please give us a call at 808-733-8444 and let us know what you thought about the program. If there was any reading involved we can count that toward your Summer Reading Challenge minutes too!

HURRICANE SEASON REMINDERS (JUNE THRU NOVEMBER)

The 2023 Hurricane Season is here, and it's important to be prepared with a good plan. The Hawaii Emergency Management Agency cites six important planning factors to help people be safer and more resilient in

the event of a hurricane. 1. Know your hazards where you live, work, and play. 2. Sign up for county alerts at <https://portal.ehawaii.gov/page/alerts/>. 3. Develop an action plan for you and your family. 4. Prepare an emergency kit for a two week. 5. Assess your insurance needs and consider additional protections. 6. Ensure your home is strengthened for severe weather.
